California Compression, LLC Appointed As Sullair Distributor

MICHIGAN CITY, IN – April 19, 2017 – Sullair, an industry leader in innovative compressed air solutions since 1965, is pleased to announce California Compression, LLC has been appointed an authorized distributor for Sullair Commercial and Industrial Products for Northern California. As an authorized distributor, California Compression will provide full customer sales and support for Sullair equipment, parts, service, and warranty support.

“Sullair is very excited to have a distributor offering such a highly trained and experienced compressor team to customers in Northern California,” according to Tim Sohnlein, Sullair Director of Sales, Commercial and Industrial Products. “We are excited about the end-to-end capabilities California Compression brings to the market. Their expert audit capabilities will be a tremendous asset in ensuring customers receive the compressed air solution best suiting their application.”

California Compression carries the full line of Sullair oil flooded compressors from 5 to 600 hp, plus the complete line of oil free and centrifugal compressors up to 30,000 hp. Additionally they offer the complete Sullair air treatment system including compressed air dryers/filters/drains, industrial vacuum systems, flow controllers and Genuine Sullair Replacement Parts.

“Our team at California Compression is very excited to represent the Sullair line in the Northern California area,” says Jim Morgan, President, California Compression. “We truly believe that Sullair products are the best in the industry – and their commitment to the oil-free and Centrifugal product lines – combined with our expertise in auditing and utility incentive programs – provide tremendous growth opportunities for both companies well into the future.”

Located in Livermore, CA, California Compression offers guaranteed performance system installations, turnkey projects and air system audits as part of their full-service approach to servicing industrial air compressor customers.

About Sullair

Since 1965, Sullair has developed and manufactured air compressors with proven reliability and wear-free durability. Sullair is globally recognized as a leading manufacturer of portable air compressors, contractors' air tools, stationary air compressors, compressed air treatment equipment and vacuum systems. Additionally, Sullair provides customers with a full line of aftermarket parts, fluids and services. Sullair has manufacturing capabilities in Michigan City, Indiana; Shenzhen and Suzhou, China; Mahindra World City, India; as well as a JV (IHI-Sullair) based in Suzhou.
